

## Takit

Takit is a modular coat rack / space divider equipped with six coat hooks and a shelf. The coat rack comes in elements of one meter or built into a longer row. Optional backboard in Takit II or diagonal steel wires in Takit I. Takit Double is a two-sided model in the Takit family. Takit R, a coat hanger, is also available.

Materials: chromed or epoxy coated steel (white RAL 9010 or grey RAL 9007), stained birch (black or white).

## Takit custom

In addition to standard materials and colours Takit can be customized with different back board designs, side boards or finishings.

In this brochure we present a colourful acrylic and a bleached oak back board, side boards and a solution of back board customization.

Special colours and materials on request.
